

BATH PUMP

Hidrobath 7.0 AMP

Product Features

- Economic 7.0 Amp Pump for Bath
- Glass-Filled Polypropylene pump construction.
- NORYL impeller injection, joined by ultrasonic welding equipment
- Compact Design ideal for under bathtub installations
- Includes union nuts for quick & easy installation and maintenance
- Integrated air switch allows pump to operate with an air button (not included)
- Assembled Pumps with a US brand motor (US Motor-NIDEC)

Impellers

- *Noryl injection impeller. Brass threaded insert for a better fit with the motor shaft.*
- *Ultrasonically Welded impellers*

Mechanical Seal de 5/8" type 6A

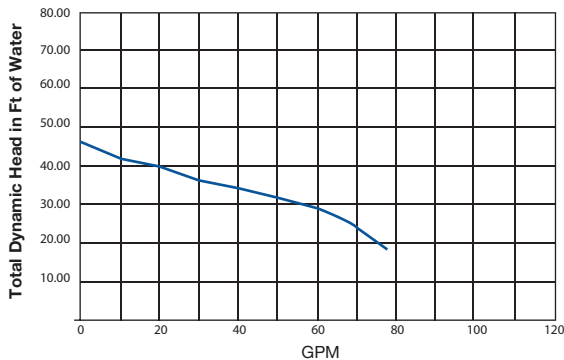

• Mechanical seals are manufactured using 304 stainless steel, designed to avoid leakage and provide greater durab

- Do not run DRY

Specifications			
PART NUMBER	0111002	CAPACITOR	25uF 240V
PHASE	1	AMB	40°C / 140°F
HZ	60	INSUL CLASS	F
RPM	3450	PROTECT CODE	3P001
VOLTS	115	TIME RATING	CONT DUTY
AMP	7.0	THERMALLY PROTECTED	
SF	1.0	AIR SWITCH
